# 11/2”Airline Ball Valve rear PTFE Seal

**Specifications:**

Item:11/2”Airline Ball Valve rear AD3X PTFE Seal

Color:White

Material: PTFE

Size: OEM with drawings

Weigth: 0.5~500g

Process: CNC machining

**Property:**

1.Best precision:0.02mm

2.Surface: flat and tidy,no defects of crevices layers and separation

3.Temperature range:-196? ~ 260?

4.Chemical property:

A. aging resistance

B. radiation resistance

C. low permeability

D. high pressure resistance

E. oil resistance

F. anti-corrosion

**Applications:**

1.Sealing

2.Bushing

3.Medical device components

4.Electrical components

5. Pump and valve components

6.Food processing machinery components

**Services:**

1. Prompt delivery and consider services

2. Competitive price and high quality promise

3. ISO9000:2008/QS9000/SGS approved

4. OEM&ODM accepted

5. Rich experience in the design and manufacturing in PTFE seals.
